BAKER CLAIMS TWO MAJORITY

Washington Township Ballot
Boxes Reopened and Vote
Counted.

COMMITTEE WILL NOT TALK

About What Their Finding May
be But the Matter Will

CONGRESSIONAL CONVENTION.

Lisbon, March 28.—(Special.)—There are all kinds of rumors about the vote of Washington township contested by the Baker people. Ross Firestone, C. C. Connell and Judge J. G. Moore, appointed to recount the ballots, have done so, but each refuses to discuss what their verdict will be.

One of the committee says they have made no finding yet, but it is evident that they discovered something different from the returns as announced and accepted. Two of the committee say they are agreed that some of the ballots have been tampered with since they were first counted. Judge Moore differs.

All agree that one of three things happened: The ballots were not read correctly in the first place; were not tallied correctly or have been tampered with since they were counted.

The box was in charge of a Tayler man, and a Baker man had the key.

It seems in either event that 10 or 12 more votes were cast and counted than were on the poll books. The supposition is that the clerk failed to keep even with the tally. Some charge that in the haste votes were credited to the wrong man.

The investigating committee is said to be two for Tayler and one for Baker, as far as political preference goes, Judge Moore looking after Baker's interests.

The Baker people claim that the recount shows a majority of two for Baker, which would give him four more delegates, making 28½ to 56½ for Tayler.

The Tayler people say Tayler was most anxious to have the matter investigated yesterday, and has no fear but that a full scrutiny will give him the delegates.

The committee has no set time to report, but will do so to the central committee. The congressional convention will really decide who gets the delegates. This will be at Alliance April 17.

Meanwhile the ballot boxes are in the care of Messrs. Blazier and Duton, of Salineville.

A GOOD TIME.

The Sons of Veterans Celebrated Their Anniversary Last Night With a Banquet.

The Sons of Veterans last evening celebrated their anniversary with a stag. A paper on "The History of Garfield Camp," by W. A. Davis, was enjoyed by the large number of members present. Addresses were made by D. M. McLane, J. J. Rose and O. C. Vodrev. After the speechmaking a splendid banquet was served.

OFFICIAL MAJORITIES.

R. W. TAYLER HAD 1,553 OVER C. C. BAKER.

Ambler 1,973 Over Judge Taylor and Kelly Beat Cadwalader 586 Votes.

Lisbon, March 28.—(Special.)—The official majorities returned by the canvassing boards, including Washington township as returned on first count, are as follows:

Congress—R. W. Tayler, 4,901; C. C. Baker, 3,348; Tayler's majority on popular vote, 1,553.

Common Pleas Judge—R. S. Ambler, 4,715; Judge I. H. Taylor, 2,742; Ambler's majority, 1,973.

Infirmary Director—T. O. Kelly, 3,909; J. J. Cadwalader, 3,323; Kelly's majority, 586.

In 1898 Tayler got 5,175 votes and Judge Johnson 1,191. The total vote was 6,366. Of this Tayler got a little over 81 per cent and Johnson something over 18 per cent.

This year Tayler got 59 1-2 per cent of 8,249 votes and Baker 40 1-2 per cent.

SALARY INCREASED.

FIRE CHIEF MORLEY WILL GET \$1,000 A YEAR.

Beginning With His New Term—Ordinance Passed By Council Last Evening.

The salary of Fire Chief Morley was increased last night, and commencing with his new term he will be given \$1,000 per year. When the ordinance increasing the salary was introduced in council last night it placed the salary of the chief at \$1,000 per annum; assistant chief, \$780; firemen of the first grade, \$720; firemen of the second grade, \$660. Seckerson moved that the rules be suspended and the ordinance be placed on its third reading and final passage. Cain seconded and stated that there was no change in the salaries, except that of chief. The ordinance was carried unanimously.

BUGGY BROKEN; DRIVER BEATEN

Walters Tried to Collect Damages But Only Got a Lawsuit.

MORE TROUBLE IN A SALOON

Rigby Put Up Forfeit For a Hearing, Returned, and Was Himself Put Up.

NEIGHBORS' QUARREL AIRED.

Last Sunday Fred Doll and a companion hired a rig from Bob Walters. They drove to Calcutta and came back by way of East End. On the home trip the horse was hit with the whip and make a jump, striking the buggy against a fence and slightly damaging it. When they arrived home Walters found the buggy had been damaged to the extent of \$2.50 and sent Doll a bill. Doll paid no attention to the bill, and last evening Walters went to his boarding house to see about it. While there he lost his temper and hit Doll between the eyes. Doll entered a charge against Walters of disorderly conduct by using profane and abusive language and fighting. No time has been set for the hearing.

There was some trouble last night at a West Market street saloon and as a result J. A. Rigby was conveyed to the city jail in the patrol wagon. He put up security for his appearance in order to go to work this morning. He had been gone but a short time when he returned in an intoxicated condition. The mayor didn't waste time with him, but ordered him locked up until he was sober enough to get a hearing.

John Arb was arrested last night on a charge of disorderly conduct preferred by H. A. Eberling, and the mayor fined him \$10.60 this morning. Arb lives next door to Eberling, and when he is drinking he is very offensive and uses all kinds of bad language. He walks across Eberling's porch and declares himself in loud tones. Eberling decided to teach him a lesson and for that reason made the complaint.

PAWNBROKERS' SHOPS.

CANNOT BE OPENED FOR SOME WEEKS.

As Council Refused to Pass the New Ordinance Under Suspension of the Rules.

The pawnbrokers' ordinance was introduced on its second reading in council last night, but it didn't pass under a suspension of the rules. Attorney Clark spoke in favor of the ordinance and said the party who wished to open the shop in the city was already here and was paying rent for a room and desired to know just what council was going to do in the matter. He said the party came here well recommended and he could see no harm in passing the ordinance. He also spoke of the fact that he had sent each member of council a letter and explained the matter to them. Marshall remarked that the ordinance committee had made no report on the ordinance and council thought it should go over.

SUBPOENAS RETURNED.

NO CLUE TO WHEREABOUTS OF JOHN KINDERS

And His Son Who Are Wanted As Witnesses in the Johnson Murder Case.

Joseph Belanyi, of Walker, has received a letter from P. V. Rovinianek & Co. of Pittsburg, which will have some bearing in the Johnson-Kinders Chester murder case. The letter is now in the possession of Martin Brozka, of Second street, but he refuses to make known all the contents. Brozka sent a letter to the Pittsburg firm, which are publishers of a Slavonic newspaper and inclosed the subpoenas for John and Johnnie Kinders and John Durets, who are the main witnesses in the case. These subpoenas have been returned, and this evening they will be given to Justice of the Peace Wash. Johnson, of the Grant district. When Brozka was seen at his shop on Second street this morning he said:

"The letter states the men wanted cannot be located. The paper is working on a clue and may locate them within a few days. That is all I can tell you about the letter, although more information touching upon the case is given."

Lisbon, March 28.—(Special)—Attorneys Jones and Anderson have filed the following motion in the case of B. H. Lee against George Brunt, of East Liverpool. It reads:

"Now comes the defendant and moves the court to compel the plaintiff to make his petition more definite and certain by setting out in what way and in what manner the said B. H. Lee and Susan E. Lee, the brothers and sisters of the said Dudley E. Lee, have suffered damages and also state in said petition the age of said Dudley E. Lee at the time of his death."

JOHN R. BAGLEY ASSIGNS

Settled the Case.

The case of George Rudibaugh, of this city, against Frank Faulk, of Calcutta, for \$25 damages was heard before a jury in the court of Justice James Davis at Calcutta Saturday. The jury disagreed, but the parties effected a settlement soon afterwards by Frank Faulk paying the costs, which amounted to about \$30. Four attorneys from this city were interested in the case.

JOHN S. MCNUTT IS SECRETARY

Elected to That Position by the New Central Committee Yesterday Afternoon.

CAMERON ELECTED CHAIRMAN

And James N. Hanley Treasurer—New Committee Will Have a Busy Year Before It.

MOST HARMONIOUS MEETING.

Lisbon, March 28.—(Special)—The new Columbian county Republican central committee met and organized yesterday afternoon by electing State Treasurer I. B. Cameron chairman, John S. McNutt secretary and J. N. Hanley treasurer.

Mr. Cameron and Mr. Hanley have filled their respective positions for several years and have given universal satisfaction. Mr. McNutt, the new secretary, who succeeds Ed. A. King, who was not a candidate for re-election, is known to every one in the county as clerk of courts. He has a record for being able to do more work in a given time and keeping up the pace longer than possibly any other man in the county. His election was unanimous and will give as much satisfaction to the Republicans of the county generally as it did to the committee to select him.

A PRINTING OFFICE.

The City Falls Heir to the Outfit of the Old Democratic News paper Office.

When S. J. Cripps purchased the Bradshaw lot for a library site he purchased the contents of the house and stable and turned the whole business over to the city. A few days ago it was found that the outfit of the old Democrat printing office was stored in the stable and the small boys were playing havoc with it. Peach called the attention of council to the matter and the outfit was moved to the fire station this morning, where it will be stored. It consists of type, standing galleys, cabinets, one Cranston drum cylinder press, one Jewel job press, one Universal job press and one Advance paper cutter. Peach suggested that the city employ a printer and do their own city printing.

RETURNED BRASS.

Stolen From the Thompson Pottery. No Prosecutions Will Be Made.

UNDERGROUND WIRE ORDINANCE

For Bell Telephone Company
Passed by Council Last
Evening.

COUNCIL GIVES AS REASON

That the City Isn't Losing Anything But Is Getting Several Phones Free.

COMPANY TO SPEND \$80,000 HERE

Council last night passed an ordinance granting the Central District Printing and Telegraph company the right to put in an underground telephone system in the city.

The ordinance provides that the company shall stand all the damages that may arise, shall replace the pavements and sidewalks and keep them in repair for one year, shall not have more than three squares torn up at one time, shall grant the city the free use of their poles for the fire alarm and patrol wires or one duct of the underground system, shall not tear up the streets in the months of December, January, February or March, traffic shall not be suspended upon the streets upon which they are working, they shall use unpaved streets and alleys as far as practicable, shall furnish to the city 12 telephones free of cost and shall file a bond of \$5,000 and accept the ordinance within 20 days after its passage.

Marshall stated that in view of the many times the ordinance had been before council, and that the company was not willing to accept an ordinance limiting their rates, he moved the rules be suspended. He stated, however, that a clause should be inserted that the city have free use of the long distance phones to telephone any place in the United States on city business. The clause was inserted, and another one that an arm be placed at the top of the poles for the use of the fire alarm and patrol system went in the ordinance on the suggestion of Cain. The ordinance then passed, but Seckerson voted no.

The reason given for passing the ordinance is that the city is not losing anything by the action, but is getting the free use of several telephones and the company will spend \$80,000 here in their underground system.

ANOTHER DAMAGE CASE.

Executor of Thomas Starkey Asks City for \$86 for Stone Wall Repairs.

Mrs. Ellen O'Connor, as executor of the estate of Thomas Starkey, deceased, presented council with a bill for \$86.25 for damage to a stone wall on West Market street. The communication claimed that the damage was caused by the overflow of a sewer in that part of the city. The bill was referred to the solicitor for investigation, and he will report at the next meeting of council.

Didn't Discuss It.

The solicitor's ordinance wasn't discussed at the meeting of council last night, and the committee didn't make a report. Marshall took the ordinance out of his pocket and handed it to McHenry. McHenry looked at it and handed it back to Marshall and it was thrown on the desk of Clerk Hanley and there it remained.

READY TO SEWER.

Railroad Company Will Fix Walnut When City Builds the Approach.

Last night at council Smith called attention to the fact that the railroad company was ready to put in a sewer under their tracks on Walnut street as soon as the city built an approach.

Peach said that the ordinance granting the company the right of way provided that they should see that the water ran under their tracks, and gave an instance of where the railroad company had contracted for an approach in another part of the city when council stepped in and put in the approach. Clerk Hanley will notify the company to put in the sewer at once and the officials who want any information will be referred to Smith.

The Woodmen of the World will meet in K. of P. hall this evening.

By Being Struck By a Train—Work of Some Mischievous Boys.

Sunday night some boys let down the arm of the water tank on the railroad opposite the Thompson pottery and failed to raise it again. Officers of the company are now investigating the matter.

The Woodmen of the World will meet in K. of P. hall this evening.

TRANS-ATLANTIC TRAVELERS

Furnished Special Attendants by the Pennsylvania System.

The bureau of attendants for trans-Atlantic travelers established in Jersey City and New York City twenty years ago by the Pennsylvania system, has proven a great convenience to persons making European trips and to tourists arriving in America at that port. It will be particularly convenient for visitors to the Paris exposition because the departure docks of most of the Atlantic steamship lines are convenient to the new Jersey City passenger station of the Pennsylvania Railroad company.

This bureau consists of experienced agents whose duties are to meet passengers arriving in Jersey City and New York over the Pennsylvania lines and assist them in arranging for trans-Atlantic trips via any of the steamship lines by conducting them to steamships and aiding in preparations for a trip abroad.

These agents will provide cabs operated by the Pennsylvania system and aid passengers with their baggage. They are fully posted on matters pertaining to steamships leaving New York, and arrangements can be made through them for procuring steamship tickets in advance.

They also meet incoming steamships to aid travelers in shaping details for continuing journeys from New York over the Pennsylvania lines by furnishing tickets, arranging for the transfer of baggage from steamship docks after it has been passed by customs inspectors, and having the same checked through to destination. They will reserve sleeping car accommodations and relieve persons of the foregoing details, making themselves useful as attendants and guides free of charge.

Further information on the subject may be obtained by addressing the nearest Pennsylvania lines ticket agent, or O. L. Kimball, assistant general passenger agent, Cleveland, Ohio.

GODWIN FUND AND PARK BOARD

Ordinances Providing For Their Creation and Fixing Their Duties

HAVE JUST BEEN PASSED

Park Board to Report to Council and Poor Fund Commission to Probate Court.

BELATED ACTION OF COUNCIL.

Although the Godwin poor fund commission and the park board have been appointed for several months, the ordinances creating boards were passed in council last night.

The park board ordinance provided that the members of the board should be appointed by the mayor and should consist of three resident freeholders to be appointed, one for one year, one for two years and one for three years, and one each year. It also provided that the city should provide and furnish an office for the board, and the board is given absolute control of all the city parks and can employ their own superintendent and fix his compensation, subject to the approval of the city council. They shall make quarterly reports to the city council of all monies received and expended, and the funds shall be handled by the city treasurer. Marshall didn't think the office part was necessary and it was stricken out before the ordinance was passed.

The Godwin poor fund commission ordinance provided that the board to handle the bequest of the late James Godwin, should consist of five members, who should give a bond of \$10,000 to the probate court. The board is empowered to elect their own officers and shall file an annual report with the council and a statement with the probate judge. Everybody was satisfied with the ordinance and it passed.

THE PROPER ACTION.

The action of council last night increasing the salary of Fire Chief Morley to \$1,000 per annum will meet the approbation of all. Morley is a good man and the low salary he was paid was entirely too small for the responsibility he had resting upon his shoulders. He has been a faithful worker for the city for many years, and the efficiency of the present fire department is in a large measure due to his untiring efforts.

MACRUM.
Whether Great Britain made an apology to the United States for the opening of Consul Macrum's mail by its censor depends upon the meaning of that word, says W. E. Curtis. From our standpoint it was an apology; from the English standpoint it was an explanation. When the charge was first made by Macrum, and facsimiles of envelopes were published, it was noticed that the censor who had opened them had been careful to write his initials upon the sticker so that he could easily be traced. Lord Pauncefote voluntarily offered to make an investigation, and a few days later he came to the department of state with an explanation that the censor had violated his instructions accidentally, owing to the enormous amount of mail matter which passed through his hands. He expressed regret at the circumstances, and explained the orders under which the censors were operating.

ELECTRIC LIGHT FRANCHISE FAILS

To Get Through Council Last Night Under Suspension of Rules.

PEACH AND MARSHALL

Voted Against the Motion and the Bill Will Have to Take Its Regular Course.

AMUSING MISTAKE RECTIFIED.

The electric light franchise didn't get through council last night for the reason that several changes had been made in the ordinance and there was not enough votes for it to suspend the rules and pass it on second reading.

The ordinance as amended granted to the Peoples Light and Power company the right to place poles on the streets and alleys and provided that the poles should be painted and placed in the alleys where it was at all practicable, that the company would stand all damages, that the city could use the poles for the use of the fire alarm and patrol system, and that they would give to the city free of cost 50 incandescent lights of 50-candle power. Fifty arc lights had been inserted in the ordinance by mistake, but it didn't take long to find out that it was a mistake. There was a long haggling as to whether the city wanted the incandescents to be 50-candle power, but finally it was decided that the company would not object to making them less if the city wanted it that way.

Marshall asked where the plant was going to be situated and Peach remarked that he thought it was to be on the Southside. Marshall then moved that the ordinance be laid on the table until the company agreed to build a plant in this city. Nobody seconded his motion, and Seckerson moved that the rules be suspended. Smith seconded and a vote was taken. Peach and Marshall voted no and

ENGLAND VOLUNTARILY APOLOGIZES

HE WANTS HAY TO FACE MUSIC

And Wheeler Proposes to Use the Macrum Hearing to Get at the Facts.

DEMOCRATS MAKE CHARGES

That Republican Committeemen Want to Dodge Hearing the Ex-Consul's Testimony.

ENGLAND DENIES THAT APOLOGY

Washington, March 28.—A determined effort, it is asserted, is being made to prevent former Consul Macrum telling his story to the foreign affairs committee of the house. Representative Wheeler, of Kentucky, the author of the resolutions which caused Chairman Hitt, of that committee, to volunteer to have Macrum heard, believes the Republican members have determined to remain away, so there will be no quorum when Macrum presents himself.

Representative Wheeler, who is really the prosecutor in the matter, received an intimation early in the day that the Republicans would probably remain away for the double purpose of shutting off Macrum and making it appear that there is no interest in his story. When Wheeler heard that he saw each of the seven Democratic members and secured promises from them that they would be present. The committee consists of ten Republicans and seven Democrats. A quorum in most 17-member committees is seven, so if all the Democrats are present the investigation may proceed.

"Whether the British censor opened Macrum's letters or whether he did not, is not the important question now," said Mr. Wheeler. "The real question is, if Mr. Hay is a patriotic secretary of state, why did he refuse to hear what Macrum had to say; why did he so glibly tell congress that Macrum lied and say that the consul had deserted his post, when, as a matter of fact, Mr. Macrum asked for leave of absence and it was granted? We also want to know why the secretary of state and the president refused Mr. Macrum the privilege of an interview after they said he was merely a private citizen."

"As to the state department assertion that there was no necessity for Macrum leaving Pretoria, we will show that the British knew everything he undertook to communicate in cipher, and that 200 American citizens signed a letter to him asking him to go to the United States and report the fact in person that the British government was in possession of a

key to the state department cipher. That fact alone, if Mr. Hay were really trying to serve the people of this country, should have been enough in his eyes to have justified Mr. Macrum in leaving his post without authority, which, however, he did not do."

The report that Great Britain had apologized attracted much attention. Secretary Hay at first denied the receipt of the disavowal, but later confirmed it. It was a verbal communication, but it will be reduced to writing for the use of the committee, if it desires it.

"I doubt if there has been a disavowal," said Mr. Wheeler. "If there was, why did not Mr. Hay frankly say to the house, in answer to my first resolution, that he had an apology. My idea is that the whole explanation has been fixed up during the last 48 hours. I know the newspapers said there was an offer to make a formal disavowal, but there has been so much equivocation and lying about the whole subject that it is time some one was forced to tell congress the truth."

It is said at the state department, regarding the story that Great Britain has apologized, that the United States government has made no demand upon the British government for an apology, as the officials say that Mr. Macrum made no official complaints on that subject, and thus the state department had nothing officially before it to serve as a basis for a demand for an apology.

The British government itself voluntarily took notice of Mr. Macrum's complaint, and finding that, as an incident to the transfer of a large quantity of mail from Durban (which was the place where our consular mail was usually landed) to Cape Town, resulting in great congestion and the handling of mail by new agents, there had been an indiscriminate opening of letters which probably had affected the consular mail with others. Lord Pauncefote, speaking for his government, disavowed the action of the censor, and declared that it was unauthorized in respect to Mr. Macrum's mail. This assurance was given long ago, and some of the members of the house committee on foreign affairs were made acquainted with it at the time.

STRAIGHT ROAD TO EAST END.

The Pennsylvania Company May Make a Big Fill at Ralston's.

WOULD SAVE A WATCHMAN

Now Desired By Council at the Crossing and Greatly Benefit the City.

WOULD MAKE A SPLENDID ROAD.

Marshall last night at council suggested a remedy whereby the city could get rid of the dangerous crossing at Ralston's and also provide a much better road to East End.

In speaking of the safety gates which the railroad company had ordered to be placed at Ralston's crossing and Mulberry street, Mr. Marshall moved that a committee of council be appointed to confer with the officials of the company in regard to making a fill a short distance above Ralston's crossing. Ashbaugh and Marshall are the committee.

Mr. Marshall has already had a talk with Mr. Newhall, of the railroad company, and it is probable it will be agreeable to the company, as it means a saving to them. To place a safety gate at the crossing means an outlay of \$40 or \$50 a month to the company, or 6 per cent interest on \$8,000, while the fill would not cost over \$3,000.

It is proposed to make the fill so that the road will run directly up Ohio avenue and there will be no turn at Ralston's. The ground where the fill is to be made is owned by the street railway company, but they have granted the desired permission.

MUNICIPAL BATTLE.

A Prominent Divine of East Liverpool Has His Say on the Question.

Editor News Review—A brief editorial in your paper of Monday, under the above caption, attracted my attention and suggested some inquiries in my mind, which, with your permission I would like to place before the good citizens who read your paper. You say "Republicanism in this city needs but a united front in order to win out a victory all along the line." If by "victory all along the line" is meant the election of all the men nominated on the Republican ticket, the question immediately arises—a very serious question for old and tried Republicans to consider—would such a victory be a triumph of true Republicanism?

A more serious question for good citizens to consider is: Would it be a triumph for the right? Would it be a victory for municipal righteousness such as the News Review has been so earnestly advocating? Will not the consideration of such questions lead all Republicans, who hold the interests of the city above mere party success, to hesitate to support some whose names appear on the ticket.

D. M. OGILVIE & CO.

Certainly the good citizens of our city do not wish the affairs of our municipality controlled from the saloon, or by saloon influences, nor do they wish those placed to make arrests for transgressions of the law, to be too closely allied to the class from which violation of the law comes.

It is a good rule in municipal contests to find out who the saloonists and sporting element are supporting and then give your earnest support to the parties most vigorously opposing them.

Let there be "a long pull, and a strong pull and a pull altogether" by the sober, order loving citizens of the city, not for mere party success, but for the best men in nomination irrespective of party, on next Monday, and we may hope for such a triumph of right as shall be for the well being of our city for all time to come. Then will we have true "victory all along the line." J. C. TAGGART.

London Foreign Office Says It Knows Nothing About an Apology.

London, March 28.—The report published in the United States that Lord Salisbury had apologized for the opening of American consular mail in South Africa is untrue.

Nothing whatever has passed between the two governments on this matter, and the British premier has taken no action to investigate the allegations of Charles E. Macrum, former consul of the United States at Pretoria, nor has he been requested to do so.

A printed fac simile of a letter to Mr. Macrum, alleged to have been opened, was given to Lord Salisbury by a representative of the Associated Press, but he made no comment, nor did he direct anything be done.

TO FIGHT AMERICANS.

One Reason Filipinos Secured Arms From Dewey.

AMERICANS WHO WROTE TO REBELS

D. V. Martin, of St. Louis, and One Damsinger, of Cincinnati, Sent Communications to Filipinos—United States Prisoners Brutally Treated by Natives.

WASHINGTON, March 28.—The president sent to the senate additional documents concerning the Philippine insurgents, consisting of papers captured by American troops; information concerning the Philippine committee in Hong-kong; relating to the treatment of prisoners, etc. The record for the committee's meeting of April 5, 1898, said that Aguinaldo asked for the advice of the committee as to whether he should accompany the admiral. The advice was generally favorable to his going, but Aguinaldo insisted that it was dangerous to go to the Philippines without previous written agreement with the admiral. It was replied by members of the committee that "it is thoroughly agreed upon with the admiral that he is to give the president all the arms which he needs, since the former is convinced that the fleet can do nothing in the Philippines if it is not used in connection with the insurgents in carrying out their plan of war against the Spanish government."

They expressed the opinion that owing to Admiral Dewey's "degree of culture" he would not require the signing of any documents, but insisted that if he should so insist Aguinaldo could decline. In this connection the following extract is significant:

"There will be no better opportunity than the present for the expeditionary forces to land on those islands and arm themselves at the expense of the Americans and assure the attainment of our legitimate aspirations against those very people. The Filipino people, being unprovided with arms, will be the victims of the demands and exactions of the United States, but provided with arms will be able to oppose themselves to them and struggle for their independence."

Agoncillo urged that Aguinaldo once in the Philippines could arouse the masses against the Americans. He thought, however, that it was probable that the United States would grant independence to the Filipinos. It was unanimously voted Aguinaldo should go.

Among the documents is also a letter dated May 1 last, signed by Quartermaster Sonnenberg, then in captivity among the Filipinos. He said: "Up to Lieutenant Grinnell's arrival we had been treated in a most barbaric manner, starved, beaten and bound. We have been living on 5 cents a day, and most of us are nearly naked. The Spaniards have been treated even worse than we, being tortured in the stocks and starved."

The third section of the material forwarded relates to letters which are sent to the Philippines and were regarded as encouraging to the insurgents. One of these is from J. V. Martin, of St. Louis, who asks for an article on the Filipino situation which will strengthen the cause of anti-expansion in the elections in the United States. There is also a letter dated at Cincinnati, signed Damsinger, which purports to give the proceedings of the Ohio Single Tax League in derogation of the war upon the insurgents. Mr. Damsinger also expresses his strong opposition to such a war.

HOW HAY SECURED OPEN DOOR IN CHINA.

Correspondence Between State Department and the Powers Communicated to Congress.

WASHINGTON, March 28.—The correspondence between the department of state and European governments in regard to the "open door" in China was sent to the house committee on foreign affairs, in response to a resolution introduced in the house by Representative Cummings, of New York.

The correspondence began Sept. 6 last, when copies of instructions to the foreign ambassadors at London, Berlin and St. Petersburg were submitted conden- tially to Mr. Vignaud by Secretary Hay.

Premier Delcasse writes Ambassador Porter, at Paris, Dec. 16: "The republic, with the quite natural reservation that all the powers interested give an assurance of their willingness to act likewise, is ready to apply in the territories which are leased to it, equal treatment to the citizens and subjects of all nations, especially in the matter of customs duties and navigation dues as well as transportation tariffs on railways." Charge d'Affaires Jackson, at Berlin, informed the state department that if other cabinets adhered to the proposal of the United States, Germany would gladly join.

In his reply to Ambassador Choate, Lord Salisbury says: "Her majesty's government will be prepared to make a declaration in the sense desired by your government, provided that a similar declaration is made by other powers concerned."

Marquis Vicount Venosta, minister of foreign affairs of Italy, in his reply to Ambassador Draper, says: "I take pleasure in saying that the government of the king willingly adheres to the proposals set forth."

The reply of Viscount Aoki Suizo, Japanese foreign minister, states: "The imperial gov-

ernment will have no hesitation to give their assent to so just and fair a proposal of the United States, provided that all the other powers concerned shall accept the same."

Count Mavavieff, Russian foreign minister, replies: "In so far as the territory leased by China to Russia is concerned the imperial government has already demonstrated its intention to follow the policy of 'the open door.' It is to be understood, however, that this assurance of the imperial government is given upon condition that a similar declaration shall be made by other powers having interests in China."

Under date of March 20 Secretary Hay notified the ambassadors at London, Paris, Berlin, St. Petersburg and Rome and the minister at Tokio by circular letter that the various powers having leased territories or so-called "spheres of interest" in the Chinese empire, having taken favorable action, to inform the governments to which they were accredited that the United States considers the assent given to the proposals as final and definite. The letter concludes by expressing the sincere gratification of the president at the successful termination of the negotiations which will be a source of vast benefit to the whole commercial world.

Our conditions, which have brought affirmative replies from Great Britain, Germany, Russia, France, Italy and Japan, were as follows:

First.—That each, within its sphere of influence or leased territory in China, should pledge itself in any way to interfere with any treaty port or vested right within the sphere or territory under lease.

Second.—That in all ports within the spheres of influence, except free ports, all merchandise landed or shipped, irrespective of nationality, shall pay the Chinese treaty tariff for the time being, and the duties shall be paid to the Chinese government.

Third.—That the ports in the sphere of influence of the government controlling that sphere will levy no greater harbor dues on vessels of any nationality than are levied on vessels of its own nationality, and that on railroads built, controlled or operated within these spheres the citizens of other nationalities shall pay no higher charges for transportation of merchandise than are paid by the citizens of the powers controlling such spheres.

PORTO RICAN BILL DEBATED.

Little Progress Made With the Measure in the Senate.

WASHINGTON, March 28.—Little progress was made by the senate with the Porto Rican tariff and government bill. It was under discussion for nearly three hours, but the greater part of the time was consumed in the consideration of a free coinage amendment, offered by Mr. Morgan. The amendment is still pending.

The Alaskan civil code bill was considered during the morning hour. An amendment offered by Mr. Carter setting aside permits hitherto granted by the secretary of war for the mining of gold under the sea on the Alaskan coast precipitated a lively debate.

HOT ATTACK ON LENTZ.

Marsh Excoriated Him In House and Said He Was Responsible For His Language Anywhere.

WASHINGTON, March 28.—There was some lively debate in the house during the consideration of the army appropriation bill. Little of it was pertinent to the measure. It covered a wide range of topics, Porto Rican tariff, the Boer war, and the Philippines. The charge that the Porto Rican tariff bill was the result of a deal for raising a Republican campaign fund was again referred to by Mr. Pierce (Tenn.), but Mr. Hull declared that the anonymous author of the charge would never dare to avow himself and be branded as a falsifier. Mr. Sulzer (N. Y.) made an appeal for the extension of official sympathy for the Boers in their struggle for independence, and Mr. Lentz (O.) delivered a scathing denunciation of militarism and the war in the Philippines. His attack aroused the resentment and indignation of Mr. Marsh (Ill.), who, in a bitter exhortation of the Ohio member, declared that the latter's speech was a disgrace to the American congress. He declared that he was responsible for what he had said both on and off the floor of the house. His heated language did not draw a rejoinder from Mr. Lentz.

Foraker Introduced Amendments.

WASHINGTON, March 28.—Senator Foraker introduced the amendments to the Porto Rico governmental bill which were read to the Republican senatorial caucus and some of which were agreed to by it.

THE S. G. HARD CO.**

When rheumatism grips a man hard he becomes helpless. Many victims are treated for years by external applications of lotions and liniments without showing any improvement. Forty-eight hours of TONGALINE treatment will banish pain, give rest and the winning battle against disease is begun, because TONGALINE reaches the cause of the disorder. There is no mystery, no secret, no patent about it. The contents are marked on every bottle.

WINE OF CARDUI

A LITTLE DOES MUCH.

BOONE, Iowa, Dec. 14.

No tongue can tell what I have endured in the past ten years with my mouthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oho! what relief. After the first dose I began to feel better and have had no pain since.

MRS. GRACE LAMPERE.

**MELREE'S
Wine of Cardui**

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

Refused to Discipline the President.

WILMINGTON, Del., March 28.—The Wilmington Methodist Episcopal conference, which represents Delaware and a portion of Maryland, adopted a resolution condemning the army canteen and the use and sale of liquor in our possessions. The temperance committee also presented another resolution which condemned President McKinley as a member of the Methodist Episcopal church for public and private tippling. It precipitated a hot discussion and was finally defeated by a vote of 67 to 43.

For and Against Clark.

WASHINGTON, March 28.—The argument in the case of Senator Clark, of Montana, which was to have been heard by the senate committee on elections and privileges, has been postponed until Tuesday of next week on account of the enforced absence of some of the members of the committee.

MORE CONFESSIONS.

Culton and Youtsey Tell of Goebel Conspiracy.

POWERS HELD WITHOUT BAIL.

Judge Moore Said He Thought There Was Enough Evidence to Hold Him to the Grand Jury—Pardon of Governor Taylor Ignored.

FRANKFORT, Ky., March 28.—W. H. Culton sent for Commonwealth Attorney Franklin, and it was reported at once that he was making a confession in regard to the Goebel assassination. The statements concerning the Culton confession are made by parties who have been working with the prosecution. One who talked with Culton's attorney said:

"Culton is making a clean breast of everything so far as he knows."

Culton, who waived examination and was held over to the circuit court, went to the Capitol hotel, where he was in conference with the attorneys for the prosecution for over two hours. He was accompanied by his brother-in-law, E. E. Hogg, who is also his attorney. His father was also present. It developed that the information gained was not at all sweeping in character, as it was at first reported. Culton's friends who are in his confidence stated that his statement was not in the nature of a confession, but they admit that he gave the prosecution such information as he had, and which had heretofore not come out.

While this was going on, Henry E. Youtsey, the auditor's clerk, who was arrested at noon and locked up in jail, charged with being an accessory, sent for Colonel Campbell, and the latter visited him at the jail and was closeted with him for some time. Youtsey, when he was arrested, told the officers that the prosecution had promised not to arrest him and he complained that that side had broken faith with him. It is claimed Youtsey told nothing the prosecution did not already know.

At the trial of Secretary Powers, the pardon issued to Powers by Governor Taylor was tendered by ex-Governor Brown as a bar to the prosecution and he asked that the defendant be dismissed. Colonel Campbell said the commonwealth denied Governor Taylor's right to issue a pardon at the time the pardon was granted. Governor Brown moved that the prisoner be dismissed upon the evidence. The motion was overruled.

Judge Moore said: "It is not my belief that Powers fired the shot which killed Governor Goebel, but from the evidence it is my opinion that he was connected with the conspiracy to kill him. I shall therefore order that he be held over without bail to the Franklin county grand jury that the case may be further investigated."

PRESIDENT WILL NOT INTERFERE.

He Resists Renewed Appeals to Recognize Taylor as Kentucky's Governor.

WASHINGTON, March 28.—The cabinet discussed the situation in Kentucky. Senator Deboe and Representative Pugh saw the president and several members of the cabinet before the meeting.

It can be stated on high authority, that however much the president may sympathize with the Republicans in Kentucky, he realizes that the federal government cannot take any part in the controversy.

GEN. GROSVENOR RENOMINATED.

Resolutions Adopted Endorse the President's Insular Policy.

ATHENS, O., March 28.—The Republican congressional convention met here and nominated Hon. C. H. Grosvenor for congress for the sixth time. William L. Stinson, of Ross county, was nominated for elector. Delegates were nominated to the national Republican convention. General Grosvenor made a strong speech favoring the renomination of McKinley.

Resolutions were adopted applauding the conduct of the Spanish war and endorsing the acts of the administration in regard to the Philippines and Porto Rico.

OVER MILLION FOR SOLDIERS.

Money Sent to Transport for Shipment to Philippines.

NEW YORK, March 28.—A shipment of \$1,393,080 for the payment of soldiers in the Philippines left the sub-treasury here. There was \$600,000 in gold coin, packed in wooden boxes, each containing \$20,000, the same sum in bills, packed in three iron safes, and the remainder, consisting of minor coin, packed in cartridge boxes. The money was hauled down Broad street under a guard of 18

soldiers. The detachment was cheered by brokers repeatedly along the route. The two trucks containing the money were driven to the United States transport Sumner, which will leave for Manila Thursday.

J. J. COYLE NOT GUILTY.

Verdict of the Jury in the First Legislative Bribery Trial—Other Cases Postponed.

HARRISBURG, Pa., March 28.—The trial of ex-Senator John J. Coyle, of Philadelphia, for bribery closed and the other cases were continued until the June term by agreement of counsel.

Counsel for Coyle presented a certified copy of the record of the Lycoming county court showing that Costello had given bail before Judge Metzger for trial at Williamsport on a charge of bribery. This disposed of the habeas corpus proceedings began on Saturday to release Costello from the custody of the Lycoming county authorities.

Deputy District Attorney Gilbert summed up the case for the defense and Charles H. Bergner for the prosecution. Judge Simonton then charged the jury and it retired.

The jury came in with a sealed verdict of not guilty, with the costs divided between the prosecutor and the defendants. The prosecutor is Albert Redmond, a Harrisburg constable, who acted for the house prosecuting committee.

MONROE DOCTRINE THEIR REFUGE.

Cubans Say They Will Not Pay French Bonds Negotiated While Spain Was In Power.

HAVANA, March 28.—The Dolphin will leave for the United States today, carrying the members of the senate Cuban committee. The senators all say that they will not talk for publication until after they have presented their reports, which they will do so shortly.

General Monteagudo and Colonel Viluendas assured the members of the commission that the country was entirely free of bandits. They assured the committee that there was no agitation in the eastern provinces and that a desire for annexation to the United States did not exist in Cuba.

Senator Platt asked them whether the Cubans would be disposed to pay the bonds issued during the revolution. They replied that they were ready to pay those issued during the last rebellion, but not those issued in 1868.

In reply to Senator Platt's inquiry as to whether the Cubans would pay the French bonds, they said they would not, as those bonds represented a Spanish loan.

Senator Platt—What would the Cubans do if France were to send a fleet and demand payment?

General Monteagudo—Either they would stand up for themselves and fight or the United States government would interfere, as it did in order to prevent Great Britain doing what she liked to Venezuela.

Senators Butler and Pettigrew have arrived here. They say they are merely paying a visit of personal curiosity.

IS M'BENNETT WITH REBELS?

Escaped Pennsylvanian May Have Gone Over to Filipinos.

WASHINGTON, March 28.—Two of the four soldiers sentenced last fall to 20 years' imprisonment for assault on women in the Philippines have escaped from the military authorities and are thought to be in the ranks of the insurgents. One of the names transmitted to the war department begins with "Mc," but the rest is a jumble of letters. On account of the Mc it is thought at the department that one of the men at large is John McBennett, whose home is in Beaver county, Pa. The other man is from Seattle, Wash.

BLAST TO OUR ASPIRATIONS.

French Paper's Foolish Comment on Recent Events in Spain.

PARIS, March 28.—The Journal Des Debats calls attention to the alleged significance of the Hispano-American demonstrations in Spain arising from the visit of the Argentine training ship Presidente Sarmiente, to Spanish ports and in Buenos Ayres on the occasion of the arrival there of the Spanish cruiser Rio de La Plata, in which the paper says it sees a "counter blast to the apparent disposition of the United States to extend its influence over South America."

In the trial of newspaper reporters, at Camden, N. J., for alleged conspiracy to injure Eugene Hanan's reputation, Eva Wood testified that Bill Shaw, cleared of his grandmother's murder, confessed the crime to her while his fiancee.

20,000 BOERS GUARDING PASSES.

Drakensberg Range Well Defended Against British.

LONDON, March 28.—A special to The Daily Telegraph from Ladysmith said:

There are about 20,000 Boers guarding the nine passes over the Drakensberg range. They are led by Commandant De Beer, of Harrismith, and consist of Free Staters.

It is reported that the Boers have moved their big guns from Biggarsberg, and it is not intended to make a stand there.

Governor Steunenberg's Testimony.

WASHINGTON, March 28.—Governor Steunenberg, before the Coeur d'Alene investigating committee, said he had no consultations with the president as to continuing the troops in the Coeur d'Alene.

BAKER CLAIMS TWO MAJORITY

Washington Township Ballot Boxes Reopened and Vote Counted.

COMMITTEE WILL NOT TALK

About What Their Finding May be But the Matter Will Go to

CONGRESSIONAL CONVENTION.

Lisbon, March 28.—(Special.)—There are all kinds of rumors about the vote of Washington township contested by the Baker people. Ross Firestone, C. C. Connell and Judge J. G. Moore, appointed to recount the ballots, have done so, but each refuses to discuss what their verdict will be.

One of the committee says they have made no finding yet, but it is evident that they discovered something different from the returns as announced and accepted. Two of the committee say they are agreed that some of the ballots have been tampered with since they were first counted. Judge Moore differs.

All agree that one of three things happened: The ballots were not read correctly in the first place; were not tallied correctly or have been tampered with since they were counted.

The box was in charge of a Tayler man, and a Baker man had the key.

It seems in either event that 10 or 12 more votes were cast and counted than were on the poll books. The supposition is that the clerk failed to keep even with the tally. Some charge that in the haste votes were credited to the wrong man.

The investigating committee is said to be two for Tayler and one for Baker, as far as political preference goes, Judge Moore looking after Baker's interests.

The Baker people claim that the recount shows a majority of two for Baker, which would give him four more delegates, making 28½ to 56½ for Tayler.

The Tayler people say Tayler was most anxious to have the matter investigated yesterday, and has no fear but that a full scrutiny will give him the delegates.

The committee has no set time to report, but will do so to the central committee. The congressional convention will really decide who gets the delegates. This will be at Alliance April 17.

Meanwhile the ballot boxes are in the care of Messrs. Blazier and Dutton, of Salineville.

A GOOD TIME.

The Sons of Veterans Celebrated Their Anniversary Last Night With a Banquet.

The Sons of Veterans last evening celebrated their anniversary with a stag. A paper on "The History of Garfield Camp," by W. A. Davis, was enjoyed by the large number of members present. Addresses were made by D. M. McLane, J. J. Rose and O. C. Vodrey. After the speechmaking a splendid banquet was served.

OFFICIAL MAJORITIES.

R. W. TAYLER HAD 1,553 OVER C. C. BAKER.

Ambler 1,973 Over Judge Taylor and Kelly Beat Cadwalader 586 Votes.

Lisbon, March 28.—(Special.)—The official majorities returned by the canvassing boards, including Washington township as returned on first count, are as follows:

Congress—R. W. Tayler, 4,901; C. C. Baker, 3,348; Tayler's majority on popular vote, 1,553.

Common Pleas Judge—R. S. Ambler, 4,715; Judge I. H. Taylor, 2,742; Ambler's majority, 1,973.

Infirmary Director—T. O. Kelly, 3,909; J. J. Cadwalader, 3,323; Kelly's majority, 586.

In 1898 Tayler got 5,175 votes and Judge Johnson 1,191. The total vote was 6,366. Of this Tayler got a little over 81 per cent and Johnson something over 18 per cent.

This year Tayler got 59 1-2 per cent of 8,249 votes and Baker 40 1-2 per cent.

SALARY INCREASED.

FIRE CHIEF MORLEY WILL GET \$1,000 A YEAR.

Beginning With His New Term—Ordinance Passed By Council Last Evening.

The salary of Fire Chief Morley was increased last night, and commencing with his new term he will be given \$1,000 per year. When the ordinance increasing the salary was introduced in council last night it placed the salary of the chief at \$1,000 per annum; assistant chief, \$780; firemen of the first grade, \$720; firemen of the second grade, \$660. Seckerson moved that the rules be suspended and the ordinance be placed on its third reading and final passage. Cain seconded and stated that there was no change in the salaries, except that of chief. The ordinance was carried unanimously.

BUGGY BROKEN; DRIVER BEATEN

Walters Tried to Collect Damages But Only Got a Lawsuit.

MORE TROUBLE IN A SALOON

Rigby Put Up Forfeit For a Hearing, Returned, and Was Himself Put Up.

NEIGHBORS' QUARREL AIRED.

Last Sunday Fred Doll and a companion hired a rig from Bob Walters. They drove to Calcutta and came back by way of East End. On the home trip the horse was hit with the whip and made a jump, striking the buggy against a fence and slightly damaging it. When they arrived home Walters found the buggy had been damaged to the extent of \$2.50 and sent Doll a bill. Doll paid no attention to the bill, and last evening Walters went to his boarding house to see about it. While there he lost his temper and hit Doll between the eyes. Doll entered a charge against Walters of disorderly conduct by using profane and abusive language and fighting. No time has been set for the hearing.

There was some trouble last night at a West Market street saloon and as a result J. A. Rigby was conveyed to the city jail in the patrol wagon. He put up security for his appearance in order to go to work this morning. He had been gone but a short time when he returned in an intoxicated condition. The mayor didn't waste time with him, but ordered him locked up until he was sober enough to get a hearing.

John Arb was arrested last night on a charge of disorderly conduct preferred by H. A. Eberling, and the mayor fined him \$10.60 this morning. Arb lives next door to Eberling, and when he is drinking he is very offensive and uses all kinds of bad language. He walks across Eberling's porch and declares himself in loud tones. Eberling decided to teach him a lesson and for that reason made the complaint.

As Council Refused to Pass the New Ordinance Under Suspension of the Rules.

The pawnbrokers' ordinance was introduced on its second reading in council last night, but it didn't pass under a suspension of the rules. Attorney Clark spoke in favor of the ordinance and said the party who wished to open the shop in the city was already here and was paying rent for a room and desired to know just what council was going to do in the matter. He said the party came here well recommended and he could see no harm in passing the ordinance. He also spoke of the fact that he had sent each member of council a letter and explained the matter to them. Marshall remarked that the ordinance committee had made no report on the ordinance and council thought it should go over.

CONGRESSIONAL CONVENTION.

Lisbon, March 28.—(Special.)—There are all kinds of rumors about the vote of Washington township contested by the Baker people. Ross Firestone, C. C. Connell and Judge J. G. Moore, appointed to recount the ballots, have done so, but each refuses to discuss what their verdict will be.

One of the committee says they have made no finding yet, but it is evident that they discovered something different from the returns as announced and accepted. Two of the committee say they are agreed that some of the ballots have been tampered with since they were first counted. Judge Moore differs.

All agree that one of three things happened: The ballots were not read correctly in the first place; were not tallied correctly or have been tampered with since they were counted.

The box was in charge of a Tayler man, and a Baker man had the key.

It seems in either event that 10 or 12 more votes were cast and counted than were on the poll books. The supposition is that the clerk failed to keep even with the tally. Some charge that in the haste votes were credited to the wrong man.

The investigating committee is said to be two for Tayler and one for Baker, as far as political preference goes, Judge Moore looking after Baker's interests.

The Baker people claim that the recount shows a majority of two for Baker, which would give him four more delegates, making 28½ to 56½ for Tayler.

The Tayler people say Tayler was most anxious to have the matter investigated yesterday, and has no fear but that a full scrutiny will give him the delegates.

The committee has no set time to report, but will do so to the central committee. The congressional convention will really decide who gets the delegates. This will be at Alliance April 17.

Meanwhile the ballot boxes are in the care of Messrs. Blazier and Duton, of Salineville.

Congress—R. W. Tayler, 4,901; C. C. Baker, 3,348; Tayler's majority on popular vote, 1,553.

Common Pleas Judge—R. S. Ambler, 4,715; Judge I. H. Taylor, 2,742; Ambler's majority, 1,973.

Last Sunday Fred Doll and a companion hired a rig from Bob Walters. They drove to Calcutta and came back by way of East End. On the home trip the horse was hit with the whip and make a jump, striking the buggy against a fence and slightly damaging it. When they arrived home Walters found the buggy had been damaged to the extent of \$2.50 and sent Doll a bill. Doll paid no attention to the bill, and last evening Walters went to his boarding house to see about it. While there he lost his temper and hit Doll between the eyes. Doll entered a charge against Walters of disorderly conduct by using profane and abusive language and fighting. No time has been set for the hearing.

There was some trouble last night at a West Market street saloon and as a result J. A. Rigby was conveyed to the city jail in the patrol wagon. He put up security for his appearance in order to go to work this morning. He had been gone but a short time when he returned in an intoxicated condition. The mayor didn't waste time with him, but ordered him locked up until he was sober enough to get a hearing.

UNDERGROUND WIRE ORDINANCE

For Bell Telephone Company
Passed by Council Last
Evening.

COUNCIL GIVES AS REASON

That the City Isn't Losing Anything But Is Getting Several Phones Free.

COMPANY TO SPEND \$80,000 HERE

Council last night passed an ordinance granting the Central District Printing and Telegraph company the right to put in an underground telephone system in the city.

The ordinance provides that the company shall stand all the damages that may arise, shall replace the pavements and sidewalks and keep them in repair for one year, shall not have more than three squares torn up at one time, shall grant the city the free use of their poles for the fire alarm and patrol wires or one duct of the underground system, shall not tear up the streets in the months of December, January, February or March, traffic shall not be suspended upon the streets upon which they are working, they shall use unpaved streets and alleys as far as practicable, shall furnish to the city 12 telephones free of cost and shall file a bond of \$5,000 and accept the ordinance within 20 days after its passage.

Marshall stated that in view of the many times the ordinance had been before council, and that the company was not willing to accept an ordinance limiting their rates, he moved the rules be suspended. He stated, however, that a clause should be inserted that the city have free use of the long distance phones to telephone any place in the United States on city business. The clause was inserted, and another one that an arm be placed at the top of the poles for the use of the fire alarm and patrol system went in the ordinance on the suggestion of Cain. The ordinance then passed, but Seckerson voted no.

The reason given for passing the ordinance is that the city is not losing anything by the action, but is getting the free use of several telephones and the company will spend \$80,000 here in their underground system.

ANOTHER DAMAGE CASE.

Executor of Thomas Starkey Asks City for \$86 for Stone Wall Repairs.

Mrs. Ellen O'Connor, as executor of the estate of Thomas Starkey, deceased, presented council with a bill for \$86.25 for damage to a stone wall on West Market street. The bill was referred to the solicitor for investigation, and he will report at the next meeting of council.

Didn't Discuss It.

The solicitor's ordinance wasn't discussed at the meeting of council last night, and the committee didn't make a report. Marshall took the ordinance out of his pocket and handed it to McHenry. McHenry looked at it and handed it back to Marshall and it was thrown on the desk of Clerk Hanley and there it remained.

TRANS-ATLANTIC TRAVELERS

Furnished Special Attendants by the Pennsylvania System.

The bureau of attendants for trans-Atlantic travelers established in Jersey City and New York City twenty years ago by the Pennsylvania system, has proven a great convenience to persons making European trips and to tourists arriving in America at that port. It will be particularly convenient for visitors to the Paris exposition because the departure docks of most of the Atlantic steamship lines are convenient to the new Jersey City passenger station of the Pennsylvania Railroad company.

This bureau consists of experienced agents whose duties are to meet passengers arriving in Jersey City and New York over the Pennsylvania lines and assist them in arranging for trans-Atlantic trips via any of the steamship lines by conducting them to steamships and aiding in preparations for a trip abroad.

These agents will provide cabs operated by the Pennsylvania system and aid passengers with their baggage. They are fully posted on matters pertaining to steamships leaving New York, and arrangements can be made through them for procuring steamship tickets in advance.

They also meet incoming steamships to aid travelers in shaping details for continuing journeys from New York over the Pennsylvania lines by furnishing tickets, arranging for the transfer of baggage from steamship docks after it has been passed by customs inspectors, and having the same checked through to destination. They will reserve sleeping car accommodations and relieve persons of the foregoing details, making themselves useful as attendants and guides free of charge.

Further information on the subject may be obtained by addressing the nearest Pennsylvania lines ticket agent, or C. L. Kimball, assistant general passenger agent, Cleveland, Ohio.

TRANS-ATLANTIC TRAVELERS

Furnished Special Attendants by the Pennsylvania System.

The bureau of attendants for trans-Atlantic travelers established in Jersey City and New York City twenty years ago by the Pennsylvania system, has proven a great convenience to persons making European trips and to tourists arriving in America at that port. It will be particularly convenient for visitors to the Paris exposition because the departure docks of most of the Atlantic steamship lines are convenient to the new Jersey City passenger station of the Pennsylvania Railroad company.

This bureau consists of experienced agents whose duties are to meet passengers arriving in Jersey City and New York over the Pennsylvania lines and assist them in arranging for trans-Atlantic trips via any of the steamship lines by conducting them to steamships and aiding in preparations for a trip abroad.

These agents will provide cabs operated by the Pennsylvania system and aid passengers with their baggage. They are fully posted on matters pertaining to steamships leaving New York, and arrangements can be made through them for procuring steamship tickets in advance.

They also meet incoming steamships to aid travelers in shaping details for continuing journeys from New York over the Pennsylvania lines by furnishing tickets, arranging for the transfer of baggage from steamship docks after it has been passed by customs inspectors, and having the same checked through to destination. They will reserve sleeping car accommodations and relieve persons of the foregoing details, making themselves useful as attendants and guides free of charge.

Further information on the subject may be obtained by addressing the nearest Pennsylvania lines ticket agent, or C. L. Kimball, assistant general passenger agent, Cleveland, Ohio.

Park Board to Report to Council and Poor Fund Commission to Probate Court.

RELATED ACTION OF COUNCIL.

Although the Godwin poor fund commission and the park board have been appointed for several months, the ordinances creating boards were passed in council last night.

The park board ordinance provided that the members of the board should be appointed by the mayor and should consist of three resident freeholders to be appointed, one for one year, one for two years and one for three years, and one each year. It also provided that the city should provide and furnish an office for the board, and the board is given absolute control of all the city parks and can employ their own superintendent and fix his compensation, subject to the approval of the city council. They shall make quarterly reports to the city council of all monies received and expended, and the funds shall be handled by the city treasurer. Marshall didn't think the office part was necessary and it was stricken out before the ordinance was passed.

The Godwin poor fund commission ordinance provided that the board to handle the bequest of the late James Godwin, should consist of five members, who should give a bond of \$10,000 to the probate court. The board is empowered to elect their own officers and shall file an annual report with the council and a statement with the probate judge. Everybody was satisfied with the ordinance and it passed.

MACRUM.
Whether Great Britain made an apology to the United States for the opening of Consul Macrum's mail by its censor depends upon the meaning of that word, says W. E. Curtis. From our standpoint it was an apology; from the English standpoint it was an explanation. When the charge was first made by Macrum, and facsimiles of envelopes were published, it was noticed that the censor who had opened them had been careful to write his initials upon the sticker so that he could easily be traced. Lord Pauncefote voluntarily offered to make an investigation, and a few days later he came to the department of state with an explanation that the censor had violated his instructions accidentally, owing to the enormous amount of mail matter which passed through his hands. He expressed regret at the circumstances, and explained the orders under which the censors were operating.

AMUSING MISTAKE RECTIFIED.

The electric light franchise didn't get through council last night for the reason that several changes had been made in the ordinance and there was not enough votes for it to suspend the rules and pass it on second reading.

The ordinance as amended granted to the Peoples Light and Power company the right to place poles on the streets and alleys and provided that the poles should be painted and placed in the alleys where it was at all practicable, that the company would stand all damages, that the city could use the poles for the use of the fire alarm and patrol system, and that they would give to the city free of cost 50 incandescent lights of 50-candle power. Fifty arc lights had been inserted in the ordinance by mistake, but it didn't take long to find out that it was a mistake. There was a long haggling as to whether the city wanted the incandescents to be 50-candle power, but finally it was decided that the company would not object to making them less if the city wanted it that way.

Marshall asked where the plant was going to be situated and Peach remarked that he thought it was to be on the Southside. Marshall then moved that the ordinance be laid on the table until the company agreed to build a plant in this city. Nobody seconded his motion, and Seckerson moved that the rules be suspended. Smith seconded and a vote was taken. Peach and Marshall voted no and

STREET RAILWAY COMPANY AGREES TO OPEN STREET.

By Donating a Forty-Foot Strip to the City in Return For Franchise.

Council has at last succeeded in providing a way to open Pleasant street to the public and it won't cost the city anything.

Last night the street railway company asked the privilege to lay their tracks over Pleasant street to the Lisbon road. Marshall moved that the ordinance be passed, provided that they donate a 40-foot strip through the lands of John Burford for street purposes. The company agreed to do it and the ordinance passed its final reading.

The company also agrees to put in a culvert over Sheridan avenue the full width of the street.

The ordinance last night is practically the same as the one passed last fall with the exception that the street railway line to Pleasant Heights will now continue from Sheridan avenue to the Lisbon road instead of making a turn at Mill street and running to Jethro street, thence along Jethro street to Lisbon road to Pleasant Heights. It will do away with about two blocks of track on Lisbon road.

HE WANTS HAY TO FACE MUSIC

And Wheeler Proposes to Use the Macrum Hearing to Get at the Facts.

DEMOCRATS MAKE CHARGES

That Republican Committeemen Want to Dodge Hearing the Ex-Consul's Testimony.

ENGLAND DENIES THAT APOLOGY

Washington, March 28.—A determined effort, it is asserted, is being made to prevent former Consul Macrum telling his story to the foreign affairs committee of the house. Representative Wheeler, of Kentucky, the author of the resolutions which caused Chairman Hitt, of that committee, to volunteer to have Macrum heard, believes the Republican members have determined to remain away, so there will be no quorum when Macrum presents himself.

Representative Wheeler, who is really the prosecutor in the matter, received an intimation early in the day that the Republicans would probably remain away for the double purpose of shutting off Macrum and making it appear that there is no interest in his story. When Wheeler heard that he saw each of the seven Democratic members and secured promises from them that they would be present. The committee consists of ten Republicans and seven Democrats. A quorum in most 17-member committees is seven, so if all the Democrats are present the investigation may proceed.

"Whether the British censor opened Macrum's letters or whether he did not, is not the important question now," said Mr. Wheeler. "The real question is, if Mr. Hay is a patriotic secretary of state, why did he refuse to hear what Macrum had to say; why did he so glibly tell congress that Macrum lied and say that the consul had deserted his post, when, as a matter of fact, Mr. Macrum asked for leave of absence and it was granted? We also want to know why the secretary of state and the president refused Mr. Macrum the privilege of an interview after they said he was merely a private citizen."

"As to the state department assertion that there was no necessity for Macrum leaving Pretoria, we will show that the British knew everything he undertook to communicate in cipher, and that 200 American citizens signed a letter to him asking him to go to the United States and report the fact in person that the British government was in possession of a

key to the state department cipher. That fact alone, if Mr. Hay were really trying to serve the people of this country, should have been enough in his eyes to have justified Mr. Macrum in leaving his post without authority, which, however, he did not do."

The report that Great Britain had apologized attracted much attention. Secretary Hay at first denied the receipt of the disavowal, but later confirmed it. It was a verbal communication, but it will be reduced to writing for the use of the committee, if it desires it.

"I doubt if there has been a disavowal," said Mr. Wheeler. "If there was, why did not Mr. Hay frankly say to the house, in answer to my first resolution, that he had an apology. My idea is that the whole explanation has been fixed up during the last 48 hours. I know the newspapers said there was an offer to make a formal disavowal, but there has been so much equivocation and lying about the whole subject that it is time some one was forced to tell congress the truth."

It is said at the state department, regarding the story that Great Britain has apologized, that the United States government has made no demand upon the British government for an apology, as the officials say that Mr. Macrum made no official complaints on that subject, and thus the state department had nothing officially before it to serve as a basis for a demand for an apology.

The British government itself voluntarily took notice of Mr. Macrum's complaint, and finding that, as an incident to the transfer of a large quantity of mail from Durban (which was the place where our consular mail was usually landed) to Cape Town, resulting in great congestion and the handling of mail by new agents, there had been an indiscriminate opening of letters which probably had affected the consular mail with others. Lord Pauncefote, speaking for his government, disavowed the action of the censor, and declared that it was unauthorized in respect to Mr. Macrum's mail. This assurance was given long ago, and some of the members of the house committee on foreign affairs were made acquainted with it at the time.

STRAIGHT ROAD TO EAST END

The Pennsylvania Company May Make a Big Fill at Ralston's.

WOULD SAVE A WATCHMAN

Now Desired By Council at the Crossing and Greatly Benefit the City.

WOULD MAKE A SPLENDID ROAD.

Marshall last night at council suggested a remedy whereby the city could get rid of the dangerous crossing at Ralston's and also provide a much better road to East End.

In speaking of the safety gates which the railroad company had ordered to be placed at Ralston's crossing and Mulberry street, Mr. Marshall moved that a committee of council be appointed to confer with the officials of the company in regard to making a fill a short distance above Ralston's crossing. Ashbaugh and Marshall are the committee.

Mr. Marshall has already had a talk with Mr. Newhall, of the railroad company, and it is probable it will be agreeable to the company, as it means a saving to them. To place a safety gate at the crossing means an outlay of \$40 or \$50 a month to the company, or 6 per cent interest on \$8,000, while the fill would not cost over \$3,000.

It is proposed to make the fill so that the road will run directly up Ohio avenue and there will be no turn at Ralston's. The ground where the fill is to be made is owned by the street railway company, but they have granted the desired permission.

MUNICIPAL BATTLE.

A Prominent Divine of East Liverpool Has His Say on the Question.

Editor News Review—A brief editorial in your paper of Monday, under the above caption, attracted my attention and suggested some inquiries in my mind, which, with your permission I would like to place before the good citizens who read your paper. You say "Republicanism in this city needs but a united front in order to win out a victory all along the line." If by "victory all along the line" is meant the election of all the men nominated on the Republican ticket, the question immediately arises—a very serious question for old and tried Republicans to consider—would such a victory be a triumph of true Republicanism?

A more serious question for good citizens to consider is: Would it be a triumph for the right? Would it be a victory for municipal righteousness such as the News Review has been so earnestly advocating? Will not the consideration of such questions lead all Republicans, who hold the interests of the city above mere party success, to hesitate to support some whose names appear on the ticket.

Certainly the good citizens of our city do not wish the affairs of our municipality controlled from the saloon, or by saloon influences, nor do they wish those placed to make arrests for transgressions of the law, to be too closely allied to the class from which violation of the law comes.

It is a good rule in municipal contests to find out who the saloonists and sporting element are supporting and then give your earnest support to the parties most vigorously opposing them.

Let there be "a long pull, and a strong pull and a pull altogether" by the sober, order loving citizens of the city, not for mere party success, but for the best men in nomination irrespective of party, on next Monday, and we may hope for such a triumph of right as shall be for the well being of our city for all time to come. Then will we have true "victory all along the line." J. C. TAGGART.

HE WANTS HAY TO FACE MUSIC

And Wheeler Proposes to Use the Macrum Hearing to Get at the Facts.

DEMOCRATS MAKE CHARGES

That Republican Committeemen Want to Dodge Hearing the Ex-Consul's Testimony.

ENGLAND DENIES THAT APOLOGY

Washington, March 28.—A determined effort, it is asserted, is being made to prevent former Consul Macrum telling his story to the foreign affairs committee of the house. Representative Wheeler, of Kentucky, the author of the resolutions which caused Chairman Hitt, of that committee, to volunteer to have Macrum heard, believes the Republican members have determined to remain away, so there will be no quorum when Macrum presents himself.

Representative Wheeler, who is really the prosecutor in the matter, received an intimation early in the day that the Republicans would probably remain away for the double purpose of shutting off Macrum and making it appear that there is no interest in his story. When Wheeler heard that he saw each of the seven Democratic members and secured promises from them that they would be present. The committee consists of ten Republicans and seven Democrats. A quorum in most 17-member committees is seven, so if all the Democrats are present the investigation may proceed.

"Whether the British censor opened Macrum's letters or whether he did not, is not the important question now," said Mr. Wheeler. "The real question is, if Mr. Hay is a patriotic secretary of state, why did he refuse to hear what Macrum had to say; why did he so glibly tell congress that Macrum lied and say that the consul had deserted his post, when, as a matter of fact, Mr. Macrum asked for leave of absence and it was granted? We also want to know why the secretary of state and the president refused Mr. Macrum the privilege of an interview after they said he was merely a private citizen."

"As to the state department assertion that there was no necessity for Macrum leaving Pretoria, we will show that the British knew everything he undertook to communicate in cipher, and that 200 American citizens signed a letter to him asking him to go to the United States and report the fact in person that the British government was in possession of a

key to the state department cipher. That fact alone, if Mr. Hay were really trying to serve the people of this country, should have been enough in his eyes to have justified Mr. Macrum in leaving his post without authority, which, however, he did not do."

The report that Great Britain had apologized attracted much attention. Secretary Hay at first denied the receipt of the disavowal, but later confirmed it. It was a verbal communication, but it will be reduced to writing for the use of the committee, if it desires it.

"I doubt if there has been a disavowal," said Mr. Wheeler. "If there was, why did not Mr. Hay frankly say to the house, in answer to my first resolution, that he had an apology. My idea is that the whole explanation has been fixed up during the last 48 hours. I know the newspapers said there was an offer to make a formal disavowal, but there has been so much equivocation and lying about the whole subject that it is time some one was forced to tell congress the truth."

It is said at the state department, regarding the story that Great Britain has apologized, that the United States government has made no demand upon the British government for an apology, as the officials say that Mr. Macrum made no official complaints on that subject, and thus the state department had nothing officially before it to serve as a basis for a demand for an apology.

The British government itself voluntarily took notice of Mr. Macrum's complaint, and finding that, as an incident to the transfer of a large quantity of mail from Durban (which was the place where our consular mail was usually landed) to Cape Town, resulting in great congestion and the handling of mail by new agents, there had been an indiscriminate opening of letters which probably had affected the consular mail with others. Lord Pauncefote, speaking for his government, disavowed the action of the censor, and declared that it was unauthorized in respect to Mr. Macrum's mail. This assurance was given long ago, and some of the members of the house committee on foreign affairs were made acquainted with it at the time.

STRAIGHT ROAD TO EAST END

The Pennsylvania Company May Make a Big Fill at Ralston's.

WOULD SAVE A WATCHMAN

Now Desired By Council at the Crossing and Greatly Benefit the City.

WOULD MAKE A SPLENDID ROAD.

Marshall last night at council suggested a remedy whereby the city could get rid of the dangerous crossing at Ralston's and also provide a much better road to East End.

In speaking of the safety gates which the railroad company had ordered to be placed at Ralston's crossing and Mulberry street, Mr. Marshall moved that a committee of council be appointed to confer with the officials of the company in regard to making a fill a short distance above Ralston's crossing. Ashbaugh and Marshall are the committee.

Mr. Marshall has already had a talk with Mr. Newhall, of the railroad company, and it is probable it will be agreeable to the company, as it means a saving to them. To place a safety gate at the crossing means an outlay of \$40 or \$50 a month to the company, or 6 per cent interest on \$8,000, while the fill would not cost over \$3,000.

It is proposed to make the fill so that the road will run directly up Ohio avenue and there will be no turn at Ralston's. The ground where the fill is to be made is owned by the street railway company, but they have granted the desired permission.

MUNICIPAL BATTLE.

A Prominent Divine of East Liverpool Has His Say on the Question.

Editor News Review:—A brief editorial in your paper of Monday, under the above caption, attracted my attention and suggested some inquiries in my mind, which, with your permission I would like to place before the good citizens who read your paper. You say "Republicanism in this city needs but a united front in order to win out a victory all along the line." If by "victory all along the line" is meant the election of all the men nominated on the Republican ticket, the question immediately arises—a very serious question for old and tried Republicans to consider—would such a victory be a triumph of true Republicanism?

A more serious question for good citizens to consider is: Would it be a triumph for the right? Would it be a victory for municipal righteousness such as the News Review has been so earnestly advocating? Will not the consideration of such questions lead all Republicans, who hold the interests of the city above mere party success, to hesitate to support some whose names appear on the ticket.

TO FIGHT AMERICANS.

One Reason Filipinos Secured Arms From Dewey.

AMERICANS WHO WROTE TO REBELS

S. V. Martin, of St. Louis, and One Damsinger, of Cincinnati, Sent Communications to Filipinos—United States Prisoners Brutally Treated by Natives.

WASHINGTON, March 28.—The president sent to the senate additional documents concerning the Philippine insurgents, consisting of papers captured by American troops; information concerning the Philippine committee in Hongkong; relating to the treatment of prisoners, etc. The record for the committee's meeting of April 5, 1898, said that Aguinaldo asked for the advice of the committee as to whether he should accompany the admiral. The advice was generally favorable to his going, but Aguinaldo insisted that it was dangerous to go to the Philippines without a previous written agreement with the admiral. It was replied by members of the committee that "it is thoroughly agreed upon with the admiral that he is to give the president all the arms which he needs, since the former is convinced that the fleet can do nothing in the Philippines if it is not used in connection with the insurgents in carrying out their plan of war against the Spanish government."

They expressed the opinion that owing to Admiral Dewey's "degree of culture" he would not require the signing of any documents, but insisted that if he should so insist Aguinaldo could decline. In this connection the following extract is significant:

"There will be no better opportunity than the present for the expeditionary forces to land on those islands and arm themselves at the expense of the Americans and assure the attainment of our legitimate aspirations against those very people. The Filipino people, being unprovided with arms, will be the victims of the demands and exactions of the United States, but provided with arms will be able to oppose themselves to them and struggle for their independence."

Agoncillo urged that Aguinaldo once in the Philippines could arouse the masses against the Americans. He thought, however, that it was probable that the United States would grant independence to the Filipinos. It was unanimously voted Aguinaldo should go.

Among the documents is also a letter dated May 1 last, signed by Quartermaster Sonnenchein, then in captivity among the Filipinos. He said: "Up to Lieutenant Gilmore's arrival we had been treated in a most barbaric manner, starved, beaten and bound. We have been lying on 5 cent day, and most of us are nearly naked. The Spaniards have been treated even worse than we, being tortured in the stocks and starved."

The third section of the material forwarded relates to letters which are sent to the Philippines and were regarded as encouraging to the insurgents. One of these is from J. V. Martin, of St. Louis, who asks for an article on the Filipino situation which will strengthen the cause of anti-expansion in the elections in the United States. There is also a letter dated at Cincinnati, signed Damsinger, which purports to give the proceedings of the Ohio Single Tax League in derogation of the war upon the insurgents. Mr. Damsinger also expresses his strong opposition to such a war.

HOW HAY SECURED OPEN DOOR IN CHINA.

Correspondence Between State Department and the Powers Communicated to Congress.

WASHINGTON, March 28.—The correspondence between the department of state and European governments in regard to the "open door" in China was sent to the house committee on foreign affairs, in response to a resolution introduced in the house by Representative Cummings, of New York.

The correspondence began Sept. 6 last, when copies of instructions to the foreign ambassadors at London, Berlin and St. Petersburg were submitted confidentially to Mr. Vignaud by Secretary Hay.

Premier Delcasse writes Ambassador Porter, at Paris, Dec. 16: "The republic, with the quite natural reservation that all the powers interested give an assurance of their willingness to act likewise, is ready to apply in the territories which are leased to it, equal treatment to the citizens and subjects of all nations, especially in the matter of customs duties and navigation dues as well as transportation tariffs on railways."

Charge d'Affaires Jackson, at Berlin, informed the state department that if other cabinets adhered to the proposal of the United States, Germany would gladly join.

In his reply to Ambassador Choate, Lord Salisbury says: "Her majesty's government will be prepared to make a declaration in the sense desired by your government, provided that a similar declaration is made by other powers concerned."

Marquis Vico Venosta, minister of foreign affairs of Italy, in his reply to Ambassador Draper, says: "I take pleasure in saying that the government of the king willingly adheres to the proposals set forth."

The reply of Viscount Aoki Suizo, Japanese foreign minister, states: "The imperial gov-

ernment will have no hesitation to give their assent to so just and fair a proposal of the United States, provided that all the other powers concerned shall accept the same."

Count Mamavieff, Russian foreign minister, replies: "In so far as the territory leased by China to Russia is concerned, the imperial government has already demonstrated its intention to follow the policy of 'the open door.' It is to be understood, however, that this assurance of the imperial government is given upon condition that a similar declaration shall be made by other powers having interests in China."

Under date of March 20 Secretary Hay notified the ambassadors at London, Paris, Berlin, St. Petersburg and Rome and the minister at Tokio by circular letter that the various powers having leased territories or so-called "spheres of interest" in the Chinese empire, having taken favorable action, to inform the governments to which they were accredited that the United States considers the assent given to the proposals as final and definite. The letter concludes by expressing the sincere gratification of the president at the successful termination of the negotiations which will be a source of vast benefit to the whole commercial world.

Our conditions, which have brought affirmative replies from Great Britain, Germany, Russia, France, Italy and Japan, were as follows:

First—That each, within its sphere of influence or leased territory in China, should pledge itself not in any way to interfere with any treaty port or vested right within the sphere or territory under lease.

Second—That in all ports within the spheres of influence, except free ports, all merchandise landed or shipped, irrespective of nationality, shall pay the Chinese treaty tariff for the time being, and the duties shall be paid to the Chinese government.

Third—That the ports in the sphere of influence of the government controlling that sphere will levy no greater harbor dues on vessels of any nationality than are levied on vessels of its own nationality, and that on railroads built, controlled or operated within these spheres the citizens of other nationalities shall pay no higher charges for transportation of merchandise than are paid by the citizens of the powers controlling such spheres.

PORTO RICAN BILL DEBATED.

Little Progress Made With the Measure in the Senate.

WASHINGTON, March 28.—Little progress was made by the senate with the Porto Rican tariff and government bill. It was under discussion for nearly three hours, but the greater part of the time was consumed in the consideration of a free coinage amendment, offered by Mr. Morgan. The amendment is still pending.

The Alaskan civil code bill was considered during the morning hour. An amendment offered by Mr. Carter setting aside permits hitherto granted by the secretary of war for the mining of gold under the sea on the Alaskan coast precipitated a lively debate.

HOT ATTACK ON LENTZ.

Marsh Excoriated Him In House and Said He Was Responsible For His Language Anywhere.

WASHINGTON, March 28.—There was some lively debate in the house during the consideration of the army appropriation bill. Little of it was pertinent to the measure. It covered a wide range of topics, Porto Rican tariff, the Boer war, and the Philippines. The charge that the Porto Rican tariff bill was the result of a deal for raising a Republican campaign fund was again referred to by Mr. Pierce (Tenn.), but Mr. Hull declared that the anonymous author of the charge would never dare to avow himself and be branded as a falsifier. Mr. Sulzer (N. Y.) made an appeal for the extension of official sympathy for the Boers in their struggle for independence, and Mr. Lentz (O.) delivered a scathing denunciation of militarism and the war in the Philippines.

His attack aroused the resentment and indignation of Mr. Marsh (Ill.), who, in a bitter exhortation of the Ohio member, declared that the latter's speech was a disgrace to the American congress. He declared that he was responsible for what he had said both on and off the floor of the house. His heated language did not draw a rejoinder from Mr. Lentz.

Foraker Introduced Amendments.

WASHINGTON, March 28.—Senator Foraker introduced the amendments to the Porto Rico governmental bill which were read to the Republican senatorial caucus and some of which were agreed to by it.

WASHINGTON, March 28.—The argument in the case of Senator Clark, of Montana, which was to have been heard by the senate committee on elections and privileges, has been postponed until Tuesday of next week on account of the enforced absence of some of the members of the committee.

A LITTLE DOES MUCH.

BOONE, IOWA, Dec. 14.

No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and O! what relief. After the first dose I began to feel better and have had no pain since.

MRS. GRACE LAMPHERE.

McELREE'S Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

The temperance committee also presented another resolution which condemned President McKinley as a member of the Methodist Episcopal church for public and private tipping. It precipitated a hot discussion and was finally defeated by a vote of 67 to 43.

It was replied by members of the committee that "it is thoroughly agreed upon with the admiral that he is to give the president all the arms which he needs, since the former is convinced that the fleet can do nothing in the Philippines if it is not used in connection with the insurgents in carrying out their plan of war against the Spanish government."

They expressed the opinion that owing to Admiral Dewey's "degree of culture" he would not require the signing of any documents, but insisted that if he should so insist Aguinaldo could decline. In this connection the following extract is significant:

"There will be no better opportunity than the present for the expeditionary forces to land on those islands and arm themselves at the expense of the Americans and assure the attainment of our legitimate aspirations against those very people. The Filipino people, being unprovided with arms, will be the victims of the demands and exactions of the United States, but provided with arms will be able to oppose themselves to them and struggle for their independence."

Agoncillo urged that Aguinaldo once in the Philippines could arouse the masses against the Americans. He thought, however, that it was probable that the United States would grant independence to the Filipinos. It was unanimously voted Aguinaldo should go.

Among the documents is also a letter dated May 1 last, signed by Quartermaster Sonnenberg, then in captivity among the Filipinos. He said: "Up to Lieutenant Gimore's arrival we had been treated in a most barbaric manner, starved, beaten and bound. We have been living on 5 cents a day, and most of us are nearly naked. The Spaniards have been treated even worse than we, being tortured in the stocks and starved."

The third section of the material forwarded relates to letters which are sent to the Philippines and were regarded as encouraging to the insurgents. One of these is from J. V. Martin, of St. Louis, who asks for an article on the Filipino situation which will strengthen the cause of anti-expansion in the elections in the United States. There is also a letter dated at Cincinnati, signed Damsinger, which purports to give the proceedings of the Ohio Single Tax League in derogation of the war upon the insurgents. Mr. Damsinger also expresses his strong opposition to such a war.

HOW HAY SECURED OPEN DOOR IN CHINA.

Correspondence Between State Department and the Powers Communicated to Congress.

WASHINGTON, March 28.—The correspondence between the department of state and European governments in regard to the "open door" in China was sent to the house committee on foreign affairs, in response to a resolution introduced in the house by Representative Cummings, of New York.

The correspondence began Sept. 6 last, when copies of instructions to the foreign ambassadors at London, Berlin and St. Petersburg were submitted conjoinedly to Mr. Vignaud by Secretary Hay.

Premier Delcasse writes Ambassador Porter, at Paris, Dec. 16: "The republic, with the quite natural reservation that all the powers interested give an assurance of their willingness to act likewise, is ready to apply in the territories which are leased to it, equal treatment to the citizens and subjects of all nations, especially in the matter of customs duties and navigation dues, as well as transportation tariffs on railways."

Charge d'Affaires Jackson, at Berlin, informed the state department that if other cabinets adhered to the proposal of the United States, Germany would gladly join.

In his reply to Ambassador Choate, Lord Salisbury says: "Her majesty's government will be prepared to make a declaration in the sense desired by your government, provided that a similar declaration is made by other powers concerned."

Marquis Viconti Venosta, minister of foreign affairs of Italy, in his reply to Ambassador Draper, says: "I take pleasure in saying that the government of the king willingly adheres to the proposal set forth."

The reply of Viscount Aoki Suizo, Japanese foreign minister, states: "The imperial gov-

ernment will have no hesitation to give their assent to so just and fair a proposal of the United States, provided that all the other powers concerned shall accept the same."

Count Mavrikiev, Russian foreign minister, replied: "In so far as the territory leased by China to Russia is concerned, the imperial government has already demonstrated its firm intention to follow the policy of 'the open door.' It is to be understood, however, that this assurance of the imperial government is given upon condition that a similar declaration shall be made by other powers having interests in China."

Under date of March 20 Secretary Hay notified the ambassadors at London, Paris, Berlin, St. Petersburg and Rome and the minister at Tokio by circular letter that the various powers having leased territories or so-called "spheres of interest" in the Chinese empire, having taken favorable action, to inform the governments to which they were accredited that the United States considers the assent given to the proposals as final and definite. The letter concludes by expressing the sincere gratification of the president at the successful termination of the negotiations which will be a source of vast benefit to the whole commercial world.

Our conditions, which have brought affirmative replies from Great Britain, Germany, Russia, France, Italy and Japan, were as follows:

First—That each, within its sphere of influence or leased territory in China, should pledge itself not in any way to interfere with any treaty port or vested right within the sphere or territory under lease.

Second—That in all ports within the spheres of influence, except free ports, all merchandise landed or shipped, irrespective of nationality, shall pay the Chinese treaty tariff for the time being, and the duties shall be paid to the Chinese government.

Third—That the ports in the sphere of influence of the government controlling that sphere will levy no greater harbor dues on vessels of any nationality than are levied on vessels of its own nationality, and that on railroads built, controlled or operated within these spheres the citizens of other nationalities shall pay no higher charges for transportation of merchandise than are paid by the citizens of the powers controlling such spheres.

PORTO RICAN BILL DEBATED.

Little Progress Made With the Measure in the Senate.

WASHINGTON, March 28.—Little progress was made by the senate with the Porto Rican tariff and government bill. It was under discussion for nearly three hours, but the greater part of the time was consumed in the consideration of a free coinage amendment, offered by Mr. Morgan. The amendment is still pending.

The Alaskan civil code bill was considered during the morning hour. An amendment offered by Mr. Carter setting aside permits hitherto granted by the secretary of war for the mining of gold under the sea on the Alaskan coast precipitated a lively debate.

HOT ATTACK ON LENTZ.

Marsh Excoriated Him In House and Said He Was Responsible For His Language Anywhere.

WASHINGTON, March 28.—There was some lively debate in the house during the consideration of the army appropriation bill. Little of it was pertinent to the measure. It covered a wide range of topics, Porto Rican tariff, the Boer war, and the Philippines. The charge that the Porto Rican tariff bill was the result of a deal for raising a Republican campaign fund was again referred to by Mr. Pierce (Tenn.), but Mr. Hull declared that the anonymous author of the charge would never dare to avow himself and be branded as a falsifier. Mr. Sulzer (N. Y.) made an appeal for the extension of official sympathy for the Boers in their struggle for independence, and Mr. Lentz (O.) delivered a scathing denunciation of militarism and the war in the Philippines.

His attack aroused the resentment and indignation of Mr. Marsh (Ill.), who, in a bitter excoriation of the Ohio member, declared that the latter's speech was a disgrace to the American congress. He declared that he was responsible for what he had said both on and off the floor of the house. His heated language did not draw a rejoinder from Mr. Lentz.

Foraker Introduced Amendments.

WASHINGTON, March 28.—Senator Foraker introduced the amendments to the Porto Rico governmental bill which were read to the Republican senatorial caucus and some of which were agreed to by it.

When rheumatism grips a man hard he becomes helpless. Many victims are treated for years by external applications of lotions and liniments without showing any improvement. Forty-eight hours of TONGALINE treatment will banish pain, give rest and the winning battle against disease is begun, because TONGALINE reaches the cause of the disorder. There is no mystery, no secret, no patent about it. The contents are marked on every bottle.

WINE OF CARDUI

A LITTLE DOES MUCH.

BOONE, IOWA, Dec. 14.
No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.

MRS. GRACE LAMPERE.

McELREE'S Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

Refused to Discipline the President.

WILMINGTON, Del., March 28.—The Wilmington Methodist Episcopal conference, which represents Delaware and a portion of Maryland, adopted a resolution condemning the army canteen and the use and sale of liquor in our possessions. The temperance committee also presented another resolution which condemned President McKinley as a member of the Methodist Episcopal church for public and private tippling. It precipitated a hot discussion and was finally defeated by a vote of 67 to 43.

For and Against Clark.

WASHINGTON, March 28.—The argument in the case of Senator Clark, of Montana, which was to have been heard by the senate committee on elections and privileges, has been postponed until Tuesday of next week on account of the enforced absence of some of the members of the committee.

MORE CONFESSIONS.

Culton and Youtsey Tell of Goebel Conspiracy.

POWERS HELD WITHOUT BAIL

Judge Moore Said He Thought There Was Enough Evidence to Hold Him to the Grand Jury—Pardon of Governor Taylor Ignored.

FRANKFORT, Ky., March 28.—W. H. Culton sent for Commonwealth Attorney Franklin, and it was reported at once that he was making a confession in regard to the Goebel assassination. The statements concerning the Culton confession are made by parties who have been working with the prosecution. One who talked with Culton's attorney said:

"Culton is making a clean breast of everything so far as he knows."

Culton, who waived examination and was held over to the circuit court, went to the Capitol hotel, where he was in conference with the attorneys for the prosecution for over two hours. He was accompanied by his brother-in-law, E. E. Hogg, who is also his attorney. His father was also present. It developed that the information gained was not at all sweeping in character, as it was at first reported. Culton's friends who are in his confidence stated that his statement was not in the nature of a confession, but they admit that he gave the prosecution such information as he had, and which had heretofore not come out.

While this was going on, Henry E. Youtsey, the auditor's clerk, who was arrested at noon and locked up in jail, charged with being an accessory, sent for Colonel Campbell, and the latter visited him at the jail and was closeted with him for some time. Youtsey, when he was arrested, told the officers that the prosecution had promised not to arrest him and he complained that that side had broken faith with him. It is claimed Youtsey told nothing the prosecution did not already know.

At the trial of Secretary Powers, the pardon issued to Powers by Governor Taylor was tendered by ex-Governor Brown as a bar to the prosecution and he asked that the defendant be dismissed. Colonel Campbell said the commonwealth denied Governor Taylor's right to issue a pardon at the time the pardon was granted. Governor Brown moved that the prisoner be dismissed upon the evidence. The motion was overruled.

Judge Moore said: "It is not my belief that Powers fired the shot which killed Governor Goebel, but from the evidence it is my opinion that he was connected with the conspiracy to kill him. I shall therefore order that he be held over without bail to the Franklin county grand jury that the case may be further investigated."

PRESIDENT WILL NOT INTERFERE.

He Resists Renewed Appeals to Recognize Taylor as Kentucky's Governor.

WASHINGTON, March 28.—The cabinet discussed the situation in Kentucky. Senator Deboe and Representative Pugh saw the president and several members of the cabinet before the meeting.

It can be stated on high authority, that however much the president may sympathize with the Republicans in Kentucky, he realizes that the federal government cannot take any part in the controversy.

GEN. GROSVENOR RENOMINATED.

Resolutions Adopted Endorsed the President's Insular Policy.

ATHENS, O., March 28.—The Republican congressional convention met here and nominated Hon. C. H. Grosvenor for congress for the sixth time. William L. Stinson, of Ross county, was nominated for elector. Delegates were nominated to the national Republican convention. General Grosvenor made a strong speech favoring the renomination of McKinley.

Resolutions were adopted applauding the conduct of the Spanish war and endorsing the acts of the administration in regard to the Philippines and Porto Rico.

OVER MILLION FOR SOLDIERS.

Money Sent to Transport for Shipment to Philippines.

NEW YORK, March 28.—A shipment of \$1,393,080 for the payment of soldiers in the Philippines left the sub-treasury here. There was \$600,000 in gold coin, packed in wooden boxes, each containing \$20,000, the same sum in bills, packed in three iron safes, and the remainder, consisting of minor coin, packed in cartridge boxes. The money was hauled down Broad street under a guard of 18

soldiers. The detachment was cheered by brokers repeatedly along the route. The two trucks containing the money were driven to the United States transport Sumner, which will leave for Manila Thursday.

J. J. COYLE NOT GUILTY.

Verdict of the Jury in the First Legislative Bribery Trial—Other Cases Postponed.

HARRISBURG, Pa., March 28.—The trial of ex-Senator John J. Coyle, of Philadelphia, for bribery closed and the other cases were continued until the June term by agreement of counsel.

Counsel for Coyle presented a certified copy of the record of the Lycoming county court showing that Costello had given bail before Judge Metzger for trial at Williamsport on a charge of bribery. This disposed of the habeas corpus proceedings began on Saturday to release Costello from the custody of the Lycoming county authorities.

Deputy District Attorney Gilbert summed up the case for the defense and Charles H. Bergner for the prosecution. Judge Simonton then charged the jury and it retired.

The jury came in with a sealed verdict of not guilty, with the costs divided between the prosecutor and the defendants. The prosecutor is Albert Redmond, a Harrisburg constable, who acted for the house prosecuting committee.

THEIR REFUGE.

Cubans Say They Will Not Pay French Bonds Negotiated While Spain Was in Power.

HAVANA, March 28.—The Dolphin will leave for the United States today, carrying the members of the senate Cuban committee. The senators all say that they will not talk for publication until after they have presented their reports, which they will do shortly.

General Monteagudo and Colonel Vil-
londas assured the members of the commission that the country was entirely free of bandits. They assured the committee that there was no agitation in the eastern provinces and that a desire for annexation to the United States did not exist in Cuba.

Senator Platt asked them whether the Cubans would be disposed to pay the bonds issued during the revolution. They replied that they were ready to pay those issued during the last rebellion, but not those issued in 1868.

In reply to Senator Platt's inquiry as to whether the Cubans would pay the French bonds, they said they would not, as those bonds represented a Spanish loan.

Senator Platt—What would the Cubans do if France were to send a fleet and demand payment?

General Monteagudo—Either they would stand up for themselves and fight or the United States government would interfere, as it did in order to prevent Great Britain doing what she liked to Venezuela.

Senators Butler and Pettigrew have arrived here. They say they are merely paying a visit of personal curiosity.

WASHINGTON, March 28.—Two of the four soldiers sentenced last fall to 20 years' imprisonment for assault on women in the Philippines have escaped from the military authorities and are thought to be in the ranks of the insurgents. On account of the Mc it is thought at the department that one of the men at large is John McBennett, whose home is in Beaver county, Pa. The other man is from Seattle, Wash.
